Observations... From Around Town

(BY JAY WHOZIT)

Next week is Thanksgiving and when we look around us we realize that there are many things for which we should be thankful to Divine Providence, on the other hand when we look around our town and visualize the number of needed improvements that could be accomplished by a little united effort, we realize how little we have to be thankful for in this respect, and can only hope for better things in the future . . . the Stanislaus footballers invade Panama City, Fla., this weekend and should be in good shape after two weeks rest. Following this game they make their next appearance in the CYO Bowl game in Alexandria, La. on Thanksgiving Day . . . to a friend who signs himself "DISCUTED", we have your letter and although we are in thorough accord with what you say, I cannot publish it because we cannot publish any letters written to us unless the writer signs his name . . . it is not that we want to publish your name attached to the letter, but we must have it on file for our records . . . the American Legion is sponsoring a show at the Bay High School auditorium on the nights of November 26 and 27, featuring all local talent and is for the benefit of their building fund, so you are asked to attend and help a worthy cause . . . Brother Alexis and his assistants at Stanislaus are making preparations for the annual Flea-Fly football classic, the proceeds of which are used to provide funds for "Brother Peter's" Christmas Tree, an event begun many years ago by the late Brother Peter and which is becoming traditional at Saint Stanislaus . . . also to supplement this fund two Sugar Bowl tickets are raffled each year, and this too is being prepared for distribution . . . if Mayor-elect Warren Carver's work on the part of the Chamber of Commerce membership Drive is any indication of what we are to expect of him when he takes office in January, we can look forward to the future with renewed optimism and hope for a successful administration . . . our hats are off to the membership of the First Baptist Church and their committee in charge of building and grounds for a job well done, their beautiful new church building and the grounds surrounding same are a credit to our city . . . the Christmas spirit seems to be invading our business places much earlier this year than ever before . . . within the next week or ten days our two local banks will release several thousands of dollars in Christmas savings, a practice it would be well for all of us to form, since it not only provides the saver with money for Holiday spending, but for many other needs at this time of the year . . . Doc Dickson had a crew of men this week clearing the ground for the erection of a new drug store building, on the lot between the Sand Bar and Trapani's restaurant . . .

William D. Davidson Dies At Kings Daughters Hospital

William Dunlap Davidson died at the Kings Daughters Hospital in Bay St. Louis, Monday morning, November 15th, 1948 at 8 o'clock. Mr. Davidson was stricken at his home about three miles above Kila on Monday, November 8th. He fell in his yard and was found in a semi-conscious condition by Albert Necaie and Mrs. Davidson about seven o'clock. He was brought to the hospital for treatment, and did not regain consciousness.

Mr. Davidson was born in Osyka, Miss., on August 14th, 1870. On December 18, 1894 he married Miss Mary A. Nelson who survives him. For a number of years he worked for the Illinois Central Railroad and lived in New Orleans. In 1927 he and Mrs. Davidson moved to their present home, and opened a small grocery business.

Walter J. Gex Jr. Entertains Gov. Wright - Bill Colmer And Group Of Friends On Fishing Trip

LAST WEEK WAS BABY WEEK IN HANCOCK COUNTY

Many weeks of the year are given various designations, and of course we have a week set aside and proclaimed nationally as Baby Week. Last week was not National Baby Week, however, it could have been proclaimed Baby Week in Hancock County.

Sometime ago we published a picture in the Echo of the nursery of the Kings Daughters Hospital showing seven babies there at one time, and of course this was a record. Well the record was broken last week. We counted nine babies in the hospital Sunday Morning, and there were no twins as in the first record. Each of the nine were single births.

You talk about a bunch of proud papas, well they were on hand, with their mouths split from ear to ear with smiles and hoping that some one would extend them congratulations. John Horlock would meet the visitors at the door to tell them about his beautiful baby daughter, never giving Mrs. Horlock any credit or consideration; Hardin Shattuck, manager of the Coast Electric Power Association, with a 12 inch cigar in his mouth, bragging that any one could pick out the Shattuck baby by the size of his mouth, and just going over the fact that the new son looked like his daddy, when in truth and in fact every one was hopeful that the baby would resemble his lovely mother.

To cap the climax, Postmaster Leo G. Ford had to give Osmond Blaize, one of his clerks in the Post Office a leave on Friday and Saturday, when the news broke that Mrs. Blaize had presented him with a son. Osmond kept the telephone busy from eleven o'clock Thursday night when the baby was born until the wee hours of the morning telling folks about his son, and early Friday Morning he started making the rounds of the town with a pocket full of cigars, and when we saw him back at the Post Office on Monday morning he

Governor Fielding Wright and Congressman W. M. Colmer and a group of their friends were in Bay St. Louis this week as guests of Walter J. Gex Jr. on a fishing trip.

Boats of Dr. H. A. Eldredge and Ben Hille took the party out to nine mile Bayou on Sunday and on Monday C. A. Breath took the Governor and part of his party out to join the others. The Governor had been delayed and did not reach here until Monday. A boat from the Dorgan Packing Company was the center boat from which the anglers fished and where the Governor caught 73 fish at one sitting.

Through the courtesy of Brothers Alexis and Linaus, president and vice president of St. Stanislaus the boats were able to leave from the St. Stanislaus pier and the Brothers used their carvill to transport the necessary commodities to be taken on the trip. Forest Travica acted as guide to direct the party to where the fish were. And they were there for Governor Wright is quoted to have said that he was leaving because his wrist hurt from pulling in fish.

Others in the party were Tom Crockett and L. U. Taylor, president and vice president of the Mississippi Power and Light Company of Jackson; W. E. Gore, Jackson Attorney; Joe Latham, vice president Deposit Guaranty Bank of Jackson; Cecil Travis, Jackson attorney; A. P. Dorgan, Biloxi president; Dorgan Packing Company; Harry Rankin, Columbia, president Rankin Stores; J. D. Lewis, president Hattiesburg Brick Company; Max Ziegler, Hattiesburg; Bill Thompson, Hattiesburg Insurance; Bob Ross, Hattiesburg; Herman Gelpi, president V. P. Gelpi Company New Orleans; L. O. Crosby Jr. Good-year Yellow Pine Lumber Company. Local people in the party besides the host Mr. Gex were Dr. H. A. Eldredge, Ben Hille, Alfred Vassalli, Tom Mallini and E. M. Brignac.

looked down and out from exhaustion following his talking spree. This in itself is a record.

Another falls with the coming of little Ossie. He is the first son in seven generations of Mrs. Blaize's family.

MRS. DAVID MOLLERE DIED SUNDAY MORNING

Mrs. David Mollere died on Sunday Morning, November 14 1948 at the home of Mr. and Mrs. Earl Cazon, on Jordan River. Mrs. Mollere was visiting at the Cazon home Saturday evening, while Mr. Mollere went on a fox hunt with his brothers John and Joseph, and about 10:00 P.M. she was stricken with a cerebral hemorrhage which caused her death.

Funeral services were held on Monday afternoon at 3 o'clock from the Fahey Funeral Home with religious services at Christ Episcopal Church and at Cedar Rest Cemetery conducted by the Rev. Dr. Willis G. Clarke, Rector of Trinity Episcopal Church of Pass Christian.

Pall bearers were Jesse Breland, John Mollere, Joseph Mollere, Herman Pinhold, George Hoffman, James Ruhr, Horace Ruhr and Robert Hubbard.

Mrs. Mollere, was the former Miss Vivian Ruhr, the daughter of the late Mr. and Mrs. August Ruhr of Waveland. She is survived by her husband David Mollere and one sister Mrs. Rose Garza.

Brother Alexis Guest Speaker At Executive Club Of New Orleans Luncheon

Speaks On Education And Its Products—The Ideal Product of Our School, he said, should Have Learned Self Control, Obedience, Respect For Authority, Have A Sense Of Responsibility and Well Rooted Convictions Based Upon Fundamental Moral Principles, Together With A Knowledge Of God And Sincere Faith In Him—To Bring Forth Such A Product, Our Plan Of Education Must Be Changed

"As an educator, I am naturally interested in the product of education. Just as a planter is interested in the product of his fields, and the manufacturer, in the product of his factory, and the miller in the product of his mill, so am I interested in the product of our schools. And so I would like to speak to you today about what I consider to be the product of our education system. But to say what the ideal product should be, one must first decide upon his objectives. The ideal of the college professor or the high school teacher will differ substantially from that of the business man who is looking for an employee. The whole question is fraught with difficulty, and can never be satisfactorily answered until we have definitely decided what the school is for.

One's conception of the ideal product will be governed by one's whole philosophy of education and life. It will hinge on one's conception of man—what he is? why he is here in this world? what is his destiny? whether the child to be educated is merely a piece of mechanism, the sole product of heredity and environment, a bundle of instincts which have to be conditioned to function normally as a man? or something of a higher nature and dignity?

Is he a rational animal with definite potentialities, spiritual faculties, and an immortal soul? Is his destiny merely to live for a time among his fellowmen, to contribute his mite toward the advancement of society, and then pass out of the picture, with nothing but emptiness beyond the grave? Is he destined to be merely a tiny cog in the great social and political machine called the STATE? Or is he an individual with a personality enabling him to tower over all creation, with a destiny that is timeless and eternal? In a word, is man merely a machine, geared only for a short life on this earth, or is he a creature of God, endowed with a spiritual soul, destined to return to God for all eternity after this life on earth?

Whatever viewpoint we take of the child—the man—is bound to influence our whole viewpoint of education.

Brother Alexis, President of Saint Stanislaus guest speaker told the members of the Executive Club of New Orleans, at their noon day luncheon in the Gold Room of the Roosevelt Hotel on Thursday, November 18th.

The guest speaker continuing his discussion said, "Democracy is a moral concept. It involves at least the idea of a rough equality of living opportunity—that each shall have a chance to develop himself to whatever extent his natural talent permits." Further he said, "True Democracy demands respect for the fundamental rights of man, which in turn implies a proper evaluation of the human personality. It demands an educated citizenry, imbued with sound principles of morality, and a sense of responsibility; it demands respect for authority and a willingness to obey; it demands a hunger for truth, together with definite convictions and a readiness to make sacrifices for these convictions. In a word, since democracy is a moral concept, it demands more of the people than any other form of government—more of education, more of charity, more of obedience, more of understanding, more of sound morality. It is a form of society and of government in accord with the free personality of man, and hence, worth striving for. And these virtues, convictions, and practices are acquired and solidified chiefly during school days. They can be taught only by teachers who have the proper understanding of the dignity of man and his destiny. Unless these fundamentals are taught by the schools, then our schools will ultimately destroy, rather than, build up democracy."

Speaking of the educational system of a nation Brother Alexis stated "The intimate relationship between the philosophy of a nation and its educational system is acknowledged, and I do not need to go to the trouble of pointing out specific examples. To know the current philosophy of a people, one must study their ideas of education and to understand a nation's system of education one must know the predominant thought of its people."

Concluding his talk Brother Alexis emphasized the following: "An educational system is the embodiment of a nation's ideals. It is an expression of the current attitude toward man, his dignity, his personality, his destiny. None of these can be properly understood apart from man's relations with his Creator, from Religion, which is, in the last analysis, the sum total of our relations with God. The graduate of the public school system today, unless he has close Church affiliation or a deeply religious home, comes out with no ideas or convictions concerning the most important of all of man's duties, namely, to God.

"The ideal product of our schools should be a young man or woman who has acquired correct habits of study, knows how to use his or her mind, has the ability to speak and write with reasonable clarity, the English language; who knows something of the past, something of the present world; and has the rudiments of Latin and a modern language. But above all, he or she should have learned self-control, obedience, respect for authority, have a sense of responsibility and well-rooted convictions based upon fundamental moral principles, together with a knowledge of God and sincere faith in HIM. To bring forth such a product, our plan of education must be changed."

The invitation to speak before the Executive Club of New Orleans was extended to Brother Alexis by Mr. Ben C. Moise, Secretary-Treasurer of Maison Blanche, who is a member of the Program Committee of the Club.

Mrs. David Foster Ritchie of Salisbury, North Carolina, was a recent visitor to her sister Mrs. Edward Palfrey Phillips at her Waveland home. Homewood, Mr. and Mrs. Phillips also had as their guests Mr. and Mrs. Jack Jordan of Pensacola.

Mr. and Mrs. Arthur Chapman are occupying the Thompson home on St. Charles Street. The Chapman's and their six children will be permanent residents and their daughter has entered St. Joseph's Academy and their sons Dick and Pete are attending St. Stanislaus.

St. Stanislaus Alumni Committee To Meet In New Orleans Nov. 28

Plans To Be Made To Raise Funds For Brother Peter Memorial Scholarship Fund And For Midwinter Meeting of Association

Dr. Marion Wolfe, President of the St. Stanislaus Alumni Association has called a meeting of interested Alumni to get together at the New Orleans Athletic Club, Sunday November 28 at six o'clock in the evening.

The prime purpose of the meeting is to plan ways and means of raising funds to be known as the Brother Peter Memorial Scholarship Fund. Several men from the vicinity of New Orleans felt that our Mid-winter meeting was too far away and too close to the end of the school year to accomplish any worthwhile work. In this regard, and have asked that this earlier meeting be called.

Plans for the Mid-winter meeting will also be discussed when the members get together on Sunday, the 28th. Indications from letters returned are that there will be a fine representation on hand when the meeting is called to order.

The printer of the Alumni Directory will be in attendance to give a word description of the new book, if he is unable to show a completed copy.

Reservations for the November 28th meeting may be made with Brother Edmund, or call Mr. Peter P. Banville at Magnolia 7828, New Orleans Bank Building.

DR. JOHN E. KIEFFER ADDRESSES BAY ROTARY CLUB

Dr. John E. Kieffer, Associate Professor of Political Science, at Tulane University, New Orleans, La., was the guest speaker on Wednesday at the Bay St. Louis Rotary Club's regular weekly luncheon.

In introducing Dr. Kieffer, Dr. Emmett Irwin stated that he was a graduate of the John Hopkins University, and of Sorbonne Univ. of Paris, France. That he had taught in Ohio State University, Temple University, University of Penn., University of Alabama, and was now teaching at Tulane.

He is a student of Public Law, Political Science, International Law, Constitutional Law and International Politics.

During the last world war he served with a rank of Lieutenant-Colonel and received many military honors. He was awarded The Soldier's Medal, the Bronze Star and Cluster, The Purple Heart, and Distinguished Unit Citation.

Dr. Kieffer's subject was Russia and the World, and he did not give his listeners too bright an outlook towards peace with Russia. "Any treaty that Russia may make," he said, "must be 100% in Russia's favor or it will not be kept. No two great powers can exist and be at peace. Only one will survive. The United States must adopt a strong unchanging policy, and adhere to it, and even that will not insure peace." Continuing he said, "We are a dis-united people and only a National Crisis will unite us." In closing Dr. Kieffer said, "War with Russia is inevitable. Make your peace with God because you will never make it with Russia."

Don McCullough has returned from Atlanta, Georgia where he attended the Southeastern Electrical Conference. Mr. McCullough also took time out to visit Mrs. L. M. Power Sr. grandmother of Mrs. McCullough, and her family.

Sodalists Of St. Stanislaus And St. Joseph Attend State Meeting At Biloxi

Sodalists of St. Stanislaus and St. Joseph Academy took an active part in the Mississippi Sodality Convention held at Sacred Heart Academy at Biloxi, last Saturday and Sunday.

The Convention was conducted by Rev. Claude Southard, S. J., and Rev. Thomas Bowdren, S. J., two members of the Queen's Work Staff of St. Louis, Missouri. Both Priests kept the discussions moving along in a very interesting manner.

Topics brought to the attention of the Sodalists were: Problems Catholics meet in Non-Catholic Communities, this was opened by Father Southard. The problems of Vocations, Lay Religious and Priests were discussed by Father Bowdren. Formation of the Sodalists' Apostles. How Sodalists Can Advance the Church in Mississippi. Practical Projects for a Sodality.

Father Southard closed the meeting on Sunday evening with a movie on the Mass which was enlightening inasmuch as the sound track was all in English. In addition he showed some very interesting slides which left no room for argument for the evils that can be wrought by our comic magazines.

On Saturday evening, the Sodalists of Sacred Heart Academy played host to all the visiting Sodalists. It gave every one a chance to get acquainted, especially as the main attraction was a dance which every one enjoyed.

The primary purpose of the convention was to impart ideas to the Sodalists of the best and proper means of making a sodality interesting and workable. The projects outlined by the Fathers brings to the boys and girls of St. Stanislaus and St. Joseph better ideas of what can be accomplished by whole-hearted co-operation.

Each sodality adopted resolutions fitted for their particular field.

Those adopted by the St. Stanislaus Sodality were: (1) To promote Mental Prayer (2) To promote the Legion of Decency—not only in movies but in Reading matter. (3) To Pray for Russia (4) Pray and urge others to pray for more vocations in Mississippi.

Miss Evelyn Lacoste Died Friday—Funeral Service Held Saturday Morning

Miss Evelyn Lacoste died at the home of her sister-in-law, Mrs. E. J. Lacoste, on Friday, November 12 at 11:30 p.m. Religious services were held at the Fahey Funeral home on Saturday morning with the Rev. H. Bufkin Oliver officiating. The funeral then proceeded to New Orleans for Burial Service.

Miss Lacoste was the sister of the late E. J. Lacoste Sr. She made her home with her brother and sister-in-law, and following his death, continued to reside with Mrs. Lacoste.

She was well known in musical circles in New Orleans and other cities and while living here she was called on for many musical programs and always responded to these calls willingly and gladly. She was one of the organizers and was director of the Shubert Music Club which existed here for a number of years. She was the last member of her immediate family.

Surviving are a niece, Miss Yvonne Lacoste of Cleveland, Ohio, five nephews, E. J. Lacoste II, Robert Lacoste and Paul Lacoste of Gulfport; Rene and Mike Lacoste of New Orleans; a grand nephew, E. J. Lacoste III and a grand niece, Lucy Lacoste.

Father Fox Named Pastor At Lizana

Rev. Father Michael Fox, since 1946 Assistant to Monsignor Gmelch at Our Lady of the Gulf Church, and Chaplain at St. Stanislaus has received from the Most Reverend Bishop Gerow an appointment to the Pastorate at Lizana, Miss. Father Fox will assume his new post, Saturday, November 20th.

The territory which embraces the parish of Lizana is as great in area as the City of New Orleans, if not bigger. In addition to the Church at Lizana, Father Fox will also attend the Missions at Dedaux, Wiggins and Perkinson College. He will need not only the good wishes of the people whom he has served here at Bay St. Louis, but he could use a few donations to help him get started in his new appointment. He will be in sore need of a car to traverse his expansive territory. This is a dire need, as the good Father notwithstanding his goodness, has not yet developed wings.

Father Michael Fox was born at Omagh, County Tyrone, Ireland. He received his early education from the Irish Christian Brothers. Upon completing his Senior year with the Brothers he entered St. Patrick's College, Carlow, Ireland to study for the Priesthood.

While at Carlow, Father Fox heard the appeal of Bishop Gerow for help in the Diocese of Natchez. He thereupon volunteered to come here.

After a brilliant course in his Philosophical and Theological studies, he was ordained to the Holy Priesthood, June 8, 1944. Due to the War conditions, he could not come to the United States at that time and for two years, he labored in the diocese of Cardiff, Wales.

Early in 1946 Father Fox reached Natchez. His first assignment was at St. Pauls Church, Vicksburg. Later that same year, he was transferred to Bay St. Louis as Assistant. During the short time he has been in Bay St. Louis, he has endeared himself to every one, especially the Altar boys in whom he took much interest.

He leaves Bay St. Louis with good wishes for success in his new field from the Parishioners of Our Lady of the Gulf.

—Mr. and Mrs. Nelson Templeman, Miss Elodie Jauqua and Bobby Sigerson all of New Orleans were recent visitors at the home of Mrs. Rosa Sigerson.

—Mr. and Mrs. Ed Monge, and Mrs. Monge's father, Mr. William Ruhmkor of New Orleans spent two weeks visiting with Mrs. Marie Bordage and Miss Louise Armstrong.

Uncle Sam Says

Once again we salute our Newspaper boys, honoring their thrift and enterprise. Nearly 500,000 of these boys are carrying on that sense of duty and responsibility which brings the papers to our door every day in the year. These nephews of mine are training for success, and a part of that training is in thrift. Last year, newboys enrolled in Newspaper Thrift Clubs invested \$2,000,000 in U. S. Savings Bonds. These bonds will pay them \$4 for every \$3 invested ten years hence. Every bond is guaranteed as the safe investment for everyone.

HOW A PIPE LINE

WENT TO Sea...

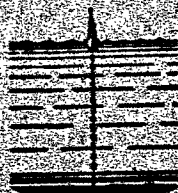

Underwater crossings of rivers and swamps are all in the day's work for builders of United Gas pipe lines... but one project called for utilization of all their ingenuity and ability. That was the submarine crossing of Lake Ponchartrain, just north of New Orleans. A 14-inch steel pipe line was laid 25.5 miles across this vast body of water—to provide more adequate natural gas service to a score of cities and towns along the Gulf Coast. Construction of pipe lines is only one of many functions of the United Gas organization, all of which have the ultimate purpose of providing a continued dependable supply of natural gas for our customers.

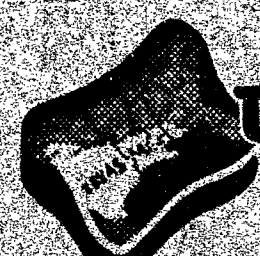

2,000-foot sections of pipe were shoved out into the lake, where tugs towed them to anchored barges.

Cranes lifted each new section of pipe to a position on the barges where it could be welded to the section already laid.

Joints were carefully water-proofed, then the pipe was lowered to the bottom and the barges moved to their next location.

N. Behrman's play, which was one of Broadway's greatest successes. It tells the story of a lovelorn girl who dreams of being swept off her

Its tunes, written by Cole Porter, form wonderful components for the dazzling acting, singing and dancing talents of vivacious Judy Garland and fleet-footed Gene Kelly who top everything they have done before in their respective roles of the

Crowley, Louisiana, was honored on November 6 as being host to the International Duck Calling Contest, an event of the Annual Rice Festival of that city.

A crowd of 30,000 listened to callers from 20 states. Louisiana was well represented by a number of duck hunters calling "cajun style," but the champion selected won with the long drawn out duck talk used by Arkansas hunters.

The judges' choice, Harry Clifford, went back to Humphrey, Arkansas, with a \$1,000 in his pocket. Andy Anderson, the famous outdoor writer of Houston, Texas, and Herb Parsons, the fastest and most spectacular gun handler, were among the judges.

Jackson, Mississippi, too, hosted prominent wildfowlers this past week when the third annual meeting of the Mississippi Conservation League gathered for a November 7-8 session.

The featured speaker was Carl D. Shoemaker, Washington, D. C., Conservation Director of the National Wildlife Federation. The first address of the convention was given by R. M. Freeman, Director of the Mississippi Fish and Game Commission, who spoke on "Quail Management in Mississippi." Ralph Tatum, Jackson, Mississippi delivered the President's address, and other speakers were Dudley Heiliger, United States Fish Hatcheries, Lyman, Mississippi; William Hay, Field Secretary, National Recreational Committee, Nashville, Tenn.; Travis Roberts, United States Fish and Wildlife Service; Ernest Moore, Pithman-Robertson Co-ordinator of the Alabama Department of Conservation; D. W. H. Brandon, Clarksdale, Miss. and Clyde Hilburn, State Park Board.

The National Wildlife Federation has announced a Poster Contest that is open to all students of the seventh grade through the final year of high school.

Other rules of the contest are:

1. All entries must be received not later than January 15, 1949.
2. Entries are to be sent to the National Wildlife Federation Poster Contest, National Wildlife Federation, Washington, D. C.

The size of the poster design should be 14 inches wide by 19 in.

Mississippi State Students In Entomology Visit Port Of New Orleans

James H. O'Brien, son of Mr. and Mrs. W. T. O'Brien of Bay St. Louis, who with 15 other advanced students in entomology of Mississippi State College spent last Friday in New Orleans with port inspector officials of the U. S. Bureau of Entomology and Plant Quarantine. They spent part of the time watching inspection of ships at the Port of New Orleans and part time observing the inspection of airplanes arriving from foreign countries.

The purpose of this inspection is to intercept plant shipments or products that might carry insect pests or diseases into this country. Mississippi State College has many graduates employed in plant quarantine and inspection—several along the Mexican border, others at Gulf ports, and several along the Atlantic seaboard.

"Some of these students are interested in entering this work, and this tour affords them an excellent opportunity to study this work at first hand," commented Dean Clay Lyle, who, with Professor Clifton A. Wilson, accompanied the group on the tour.

U. S. Merchant Marine Cadet School At Henderson Point Has Been Reactivated

Within two months of its reactivation date, U. S. Merchant Marine Cadet School, at Henderson, the only federal academy in the south, has returned to its pre-hurricane status with Captain MacPhee, as Commandant. As a result of the severe damage it sustained in the 1947 hurricane it was closed for the academic year of 1947-48. The buildings have been rehabilitated and the normal enrollment of 200 Cadet-Midshipmen are receiving their regular first-year training course in the four-year program of instruction at U. S. Merchant Marine Cadets. This first year program includes standard college freshman courses as well as specialized training in all sea-going subjects. The second year of the course is spent at sea, and

the last two years are spent in the U. S. Merchant Marine Academy at Kings Point, New York.

Many of the officers who were transferred to Kings Point after the hurricane, have returned to the coast with their families and resumed residence in Bay St. Louis and Pass Christian. Among the officers who were formerly stationed at the school and who have returned are Lt. Barager, Lt.-Com. J. V. Bech, Lt.-Com. Carmody, Lt.-Com. Dwyer, Lt. W. F. Freeman, Lt.-Com. K. A. Several new officers have been added to the teaching staff. Lt. B. O. Van Hook has been added to the Mathematics Department. He was formerly connected with Millsaps College, Jackson, where he taught mathematics and served as Athletic Director. In the Mathematics Department is also Lt. (jg) Russell R. Ratcliff from Brookhaven a former teacher in Mississippi Southern College at Hattiesburg and the University of Michigan. From Akron, Ohio, Lt. (jg) Leland Pearson, a graduate of the Merchant Marine Academy at Kings Point and Ohio State University is teaching courses in Navigation and seamanship. Lt. (jg) Carl M. Fischer, whose home state is Illinois, was connected with the University of Chicago and several schools in the South. GCMA at Gulfport and Edinburg, Texas, Junior College, before joining the Cadet School staff as instructor in English and economics.

Among the new administrative officers are Lieutenant-Commander W. R. Boggs, Personal Officer; Lt. (jg) Charles D'Augustine, Security Officer; and Chief Warrant Officer J. F. Santon Commissary Officer. Dr. N. L. Krall, Lt. (jg), United States Public Health Service, is the new Medical Director. A complete new staff has been appointed by the Navy for the Naval Science Department. Lt.-Com. R. V. Lange, USN, is head of this department, while Lt. S. F. Doyka, USNR, and Lt. Charles B. McKeen, USNR, are Naval Science instructors.

Bay St. Louis appreciates to the fullest having this school just across the waters and welcome the officers who have chosen to live in this city.

Appreciation Expressed By National Foundation Of Infantile Paralysis To Local Chapter

In the early part of October the National Foundation for Infantile Paralysis made a request of all chapters to come to their assistance, as they were in urgent need of funds to carry on the work of the foundation which had increased to such proportions due to the many epidemics of polio throughout the Nation.

The local chapter of which Mr. Joe B. Burrows, Cashier of the Merchants Bank and Trust Company is the Treasurer, held a meeting of their executive committee, and upon ascertaining that their balance in the local fund exceeded \$2300.00, they immediately voted that the chapter forward \$1500.00 to the National Foundation as a contribution to the National Epidemic Aid Fund.

Upon receipt of the check for this sum Louis C. Houghney, Comptroller wrote Mr. Burrows the following letter in appreciation of the action of the Executive Committee of the Local Chapter:

The National Foundation For Infantile Paralysis, Inc.

October 8, 1948

Mr. Joe B. Burrow, Treasurer
Hancock County Chapter
National Foundation For Infantile Paralysis, Inc.
c/o Merchants Bank & Trust Co.
Bay St. Louis, Mississippi
Dear Mr. Burrow:

Many thanks for your remittance of \$1500.00, which represents your Chapter's deposit to the National Epidemic Aid Fund.

We deeply appreciate the understanding of members of your Executive Committee that led to their prompt action in forwarding the check. As you realize, it is at the time that new cases are being reported in large numbers that we must look ahead to the obligations of providing complete and long-term care. Your Chapter's action has helped to guarantee the fulfillment of our pledge to all those who are unable to meet the high costs of polio care and treatment without our aid.

The cooperation of all Chapters that are able to spare some of their funds without handicapping their own local programs will demonstrate that we are, indeed, members of the same team—regardless of county, city or state boundaries—eager and determined to do the job

STATE OILMEN CALL FOR ACTION ASSURING STATES TITLES TO TIDELANDS

Again stating their opposition to federal intervention in state affairs, Mississippi oilmen last week called on Congress for definite action which will assure the states clear title to tidelands.

At the annual convention of the Mississippi-Alabama Division of the

we have set ourselves. We are deeply thankful that this is so.

Sincerely yours,
LOUIS C. HAUGHEY
Comptroller.

cc: Mr. V. T. Anthony, State Representative Mississippi

Mr. E. D. Davis Regional Director.

This leaves a balance of over \$1700.00 in the local treasury to be used in the event of an outbreak of Polio, or for the care of polio victims. If an epidemic of Polio should at any time break out in the County, and sufficient funds were not on hand locally the National Foundation would then come to our assistance.

Mid-Continental Oil and Gas Association, a resolution unanimously adopted called for passage by Congress of a measure which will give the states title to tidewater lands, so that Mississippi, Alabama, Louisiana and other states bordering on ocean lands can expedite drilling for oil and gas in offshore waters which have always been considered state properties.

Under a federal court ruling of last year, involving California's right to lease certain tidewater lands for oil and gas development, the states' titles to these lands are clouded. Efforts to have Congress pass a measure definitely declaring that the several states own these lands, were not successful. These efforts will be renewed at the next session, and the Mississippi oilmen urged that Congress pass the measures as soon as possible so that the states can go ahead with their development programs.

It was pointed out that while considerable unsuccessful exploratory work has been done off the Mississippi coast under old leases, several companies have shown an interest in further work there, but that the Mineral Lease Commission

hesitates to negotiate any new leases until the ownership question is definitely settled.

Contending that the lands under all tidewater has always been considered property of adjoining states, backers of Congressional action declare that any oil or other minerals found therein should be property of the individual states and not of the federal government.

Only other general resolution adopted by the association, asked that Congress also limit the powers of the Federal Power Commission to interstate affairs.

Passage by the Mississippi legislature of the 1948 Oil and Gas Con-

servation act, designed "to prevent waste," was wholeheartedly approved in another resolution, which commended the high type of men appointed to the new State Oil and Gas Board.

Still another resolution pledged support to the board and to all other officials in continued efforts to conserve Mississippi's new-found mineral wealth, in order that every well and every field shall produce the most possible oil and gas.

USERS BOOST PROFITS WITH GIBBONS FARM SERVICE

FARMERS, POULTRY & DAIRYMEN CUT COST BY FREE SERVICE

Good Pasture Cuts Feed Costs, Increases Profits

In a carefully-controlled test L. S. U. Agricultural Division has proved that good pasture, plus good dairy feed, actually netted over \$70 more per cow! The report has been printed in Louisiana Experimental Station Bulletin 338. Two identical herds were used in the two-year trial. The first herd was on good pasture—oats in winter, clover in spring, sweet potato vines in fall, legume hay and silage during a portion of the year. The second herd was on an unimproved pasture, and got only common hay during a portion of the year. Good pasture increased the yearly milk production per cow 2,674 pounds; increased butterfat by six-tenths of a percent; and jumped the yearly profit, over feed costs, from \$51.84 for the poor-pasture herd, to \$122.88 for the good-pasture herd.

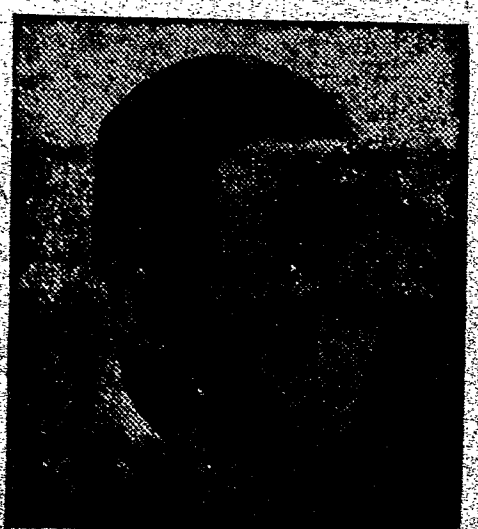

The help of Gibbons Farm Service Men in planning good pastures is yours for the asking. Let a Gibbons dairy specialist go over your land with you, and tell you what fits in best with your set-up. Oats, crimson clover and oats, Sudan grass, millet, sweet potatoes, are all good when correctly planned. Let a Gibbons Farm Service Man help you increase your milk production, lower feed costs, and build greater profits. There is no charge for this service.

MILKING TIME CUT, EXTRA EXPENSE AVOIDED

Mr. Shaddell's letter speaks for itself. Here is what he says:

Gibbons Service Man Helps Select Holstein Dairy Herd

Mr. and Mrs. C. V. Forshag of Franklinton, purchased the first herd of Wisconsin Holsteins brought to Washington Parish, Louisiana, a fast-developing dairy section.

George Kent, dairy specialist of Gibbons Farm Service Department, accompanied Mr. & Mrs. Forshag to Wisconsin to help make their selection.

Mrs. Forshag said the free service offered by the Gibbons firm was invaluable to her in buying the cows and that without this aid, she would not have been so fortunate in obtaining such choice cows.

"Mr. Kent is a man among men in the cattle world," said Mrs. Forshag. The experts among Holstein breeders told Mrs. Forshag that "when Kent puts his approval on a cow, she is sure to be a top one."

New Orleans Hen Top in U. S. Show

E. B. Doll of New Orleans is a consistent poultry-show prize-winner. . . and a consistent user of GIBBONS Poultry Feeds.

At the National Poultry Show in Atlanta last September, and again at the Louisiana State Fair in Shreveport a month later, Mr. Doll's champion Buff Orpington hen (shown here) was adjudged best of 1200 hens.

"We were glad to say that for over 11 years we have been using Gibbons Feeds," said Mr. Doll. "The people at the Show," Mr. Doll continued, "were astonished at the splendid condition of our birds for the time of year. We heartily endorse and recommend Gibbons Feeds—and Gibbons Free Farm Service!"

trouble getting my milking machine to work properly.

In fact it was taking me about one hour and fifteen minutes to milk 15 cows and I had planned to buy more milking units—but after Mr. Kent helped me with the machines I reduced my milking 30 to 40 minutes and also saved the expense of buying more machines."

I'VE LEARNED MORE ABOUT POULTRY FROM WATCHING A GIBBONS SERVICE MAN THAN ALL THE BOOKS I COULD READ

says A. L. Litolf
Cackle & Quack Poultry Farm,
Abita Springs, La.

"The Gibbons Service Department has helped me improve my poultry farm by personal visits from Mr. G. E. Gouget, Jr. I've learned more from watching him when he'd pull a post mortem than all the books I could get my hands on to read and study," said Mr. Litolf.

"To prove my point," continued Mr. Litolf, "before Mr. Gouget visited the poultry farm I lost from 20 to 40 percent in mortality from coccidiosis. After everything was ex-

plained to me and a few birds were cut open to show me and explain in detail I learned very soon how to operate myself and find the correct cause."

"The last set of chicks picked up coccidiosis at about 4 weeks of age. With the help from Gibbons Service Department and me knowing more about how to care for them my mortality was 7 dead birds out of 300."

"I bought 505 New Hampshire of the very best laying breed. On December 30, 1947 started all on Gibbons Starter Mash, after six weeks changed to Gibbons Growing Mash and

Says C. E. Collins

GIBBONS FARM SERVICE
A GREAT HELP

"Since I've been having my chickens looked after by a Gibbons Service Man, my feed bill is no more and egg production has gone up one-third!"

That's the statement made by C. E. Collins of Carriere, Mississippi. "Before I started using Gibbons Feeds, and especially Gibbons Farm Service Department, I was having considerable trouble with my laying flock, besides lots of casualties among my broilers."

"Since I have been having my chickens looked after by a Gibbons Service Man, he has given me excellent advice which saved me much money, time, and worry."

"My feed bill is no more and the egg production has increased about one-third."

"I consider the advice of their service department is a great help to the poultry raiser also the superior quality of the broiler mash and laying mash of Gibbons Feed Co."

In the evening added some Gibbons Scratch Grain."

"On March 10, 1948, ten weeks of age, the pullets were ready to put on range. All but 12% of the pullets weighed over 2 1/2 lbs. Only 4% of the males didn't weigh over 3 lbs. Mortality was 12 dead birds out of 505."

"I'm for Gibbons Feeds and Gibbons Farm Department."

Swift Aid Saved Hatchery- man Hundreds of Dollars

"I operate a hatchery and feed store in Breaux Bridge, Louisiana," writes Leonard H. Dauterive, owner of Dauterive's Hatchery.

"During the early part of February, I experienced a high mortality rate in baby chicks in the hatchery as well as in the broiler plants, and was unable to determine the trouble."

Bad Weather Didn't Stop Gibbons

"I phoned Gibbons Farm Service Department on long distance. The very next day, in spite of very bad weather, Mr. O'Neill of Gibbons Farm Service Department was on my premises."

Hit the Nail on the Head

"Mr. O'Neill immediately put his finger on the troubles which were two-fold. He made recommendations as to how to remedy the situation, and since I followed his suggestions the mortality rate has been reduced as low as 4%, and we are experiencing in many cases 100% livability."

"This immediate service saved myself and the broiler raisers hundreds of dollars in chick mortality, and I can recommend anyone who is in trouble to call the Gibbons Farm Service Department."

POULTRYMAN NETS \$635 IN MONTH

Harry Kruger, Jefferson Parish,
Makes His Flock Pay

During December 1947 Harry Kruger's 900 hens laid 16,482 eggs. That's almost 60% production. During that time Kruger was paying about \$5.50 a hundred for feed. His return, over and above feeding costs, for December alone amounted to \$635.00.

"The high quality of Gibbons Feeds, and the good advice given by Gibbons Farm Service on management and marketing have been the main factors in the high production record of my hens," said Mr. Kruger.

GIBBONS-FED HEN LAYS 8-OUNCE EGG

"Susie," the big Rhode Island Red hen shown, owned by Louis Faessel, 2833 Magazine St., New Orleans, set something of a record with a king-size egg, weighing 8 ounces, measuring 4 inches long, and 2 1/2 inches in diameter.

"This takes the cake," said Mr. Faessel, who is Treasurer of the Greater New Orleans Poultry Association. "I never saw anything to equal it in all the years I've been raising chickens!"

Mr. Faessel continued: "Susie" was hatched out nine months ago. She's been a good layer, but then all of my hens are good layers. Most of them lay 2-ounce eggs."

Mr. Faessel has won many prizes and ribbons in state shows, and is a regular user of Gibbons Feeds, as well as Gibbons Farm Service.

BAY TIGERS AND BOGALUSA LUMBER JACKS

PLAY SCORELESS TIE

With plenty of vigor and determination spirit of "DO OR DIE" two football teams showed the fans here on Sunday some spectacular action as they fought through 4 rip roaring quarters without either scoring. The Bay Tigers and the Bogalusa Lumberjacks proved they were evenly matched as they turned on all steam offensively as they charged each other's lines very hard, made sweeping end runs; took to the air and brought themselves low into each others territory but failed to reach paydirt. The hard charging backs, Talbert, Bell, Ishem, Dorsey, Cook and Graves of the Bay Tigers covered much ground but were held to a stand still by the strong Bogalusa line as they advanced close to the goal line several times. An attempted place kick for a score by John Brown of the Tigers fell a little short of the mark, ending one scoring threat.

Bogalusa did some neat ground gaining on a few fast plays then took to the air. It was then that the Bay Tigers turned on their strong defensive power as they stopped what receivers there were of the sharp passes of Cliff Nelson dead in their tracks, and knocked down several of the threatening long ones and intercepted one, standing up Bogalusa's only serious threat. The game was really a thriller with the Bay Tigers showing a winning side as they held the highly favored Bogalusa Lumberjacks to a scoreless tie.

QUEEN'S WORK STAFF VISIT STANISLAUS

St. Stanislaus entertained Father Claude Southard, S. J. and Thomas Bowdern, S. J. of the Queen's Work Staff, St. Louis, Missouri Sunday evening. Both Fathers had just completed a two day convention of Sodalis of the Gulf Coast Sodality Union at Biloxi.

Sunday, Father Southard showed a movie of the Holy Sacrifice of Mass in Technicolor. The prayers of the Mass and the responses of the Altar Boys were all in English. Every one seemed to have the same opinion, "it was the best explanation of the Mass they had ever seen."

Slides of the Comics with a commentary by Father Southard were well received. He showed how the so-called comic, Superman is in contradiction with God. Superman does miraculous things, but never is Superman seen in Church nor is he at any time connected with religion. The pictures gave a better idea of why many comics are evil than all the preaching that could be spoken about them.

On the other side, Father gave some illustrations of real comics—those that really were funny, or that carried a bit of satire on life in general.
